At Greenpower Solar, we take pride in being Nigeria's first manufacturer of All in One Portable Solar Generators. Our mission is to provide reliable solar powered electricity systems across the nation, ensuring that everyone has access to sustainable energy.

We are committed to revolutionizing the solar landscape in Nigeria. Unlike many competitors who offer limited warranties, we stand out by providing a comprehensive 1 year warranty on our products, reflecting our confidence in their quality and performance.

REASONS TO CHOOSE GREENPOWER SOLAR

- Rugged and reliable solar power system
- No exaggeration of capacities
- Technicians in major cities across Nigeria
- Comprehensive warranty
- Routine check and maintenance
- Quick after sales service
